# SPRING & FALL Catalog

SHRUBS • HEDGES

EVERGREENS

PLANTS *and* TREES

## Meehan Brothers Landscape Company

1136 East Maryland Street Saint Paul, Minnesota

*Telephone:* TOWER 7146

## 1936 Catalog

These prices are for nursery stock to be delivered in the spring or fall of 1936 and are *subject to change without notice.*

*These prices are basis of Cash on Delivery or for Cash with Order.*

## Twin City Deliveries

Twin City orders amounting to $1.50 or over are delivered free, otherwise a charge of 50 cents will be made to cover cost of delivery.

## Out-of-Town Orders

Out-of-town orders will receive our prompt attention and we assure you that we will select your stock with the utmost care. Our prices are f. o. b. St. Paul, except where otherwise noted. When balled and burlapped evergreens are to be shipped it is necessary to add 10% of the purchase price to cover cost of crating.

## Benefits of Ordering Early

If customers will kindly place their orders as early as possible the best selection of stock and prompt delivery of the goods when the planting time arrives will be assured them.

## The Planting Seasons

Planting may be done in the spring, generally about April 1st to June 1st, or in the fall from September until the ground freezes solid.

## Guarantee

We guarantee to all of our customers stock that is true-to-name. Any of our stock proven not to be, will be replaced free of charge or the purchase price refunded.

## Replacement

Everyone knows that transplanting of trees and shrubs is attended with some risk. We use every precaution in handling our products to lessen this risk. There are, however, conditions arising after the plants leave our hands over which we have no control, such as care in planting, weather conditions, etc. Nevertheless we agree to replace at one-half the original price listed in this catalog, that which dies before the next planting season. Prompt payment of accounts must be made in full before the next planting season or the above guarantee is void.

## Meehan's Quality Lawn Seed

This mixture contains hardy grasses of such varieties as to produce a lasting lawn in the shortest possible time. Only the highest grade lawn seed is used in this mixture and also a good quantity of Kentucky Blue Grass or your permanent grass and when properly planted and cared for will produce a beautiful lawn. No better lawn seed can be bought at any price.

| | | | |
|---|---|---|---|
| 1 lb. | **$0.50** | 10 lbs. | **$ 4.25** |
| 3 lbs. | **1.45** | 20 lbs. | **8.00** |
| 5 lbs. | **2.25** | 100 lbs. | **37.50** |

## Planting Soil

We have the best quality of rich black dirt in the Twin Cities for lawn and garden. In buying black dirt you want to get it from highland, not swamps, etc. When you order black dirt you put this responsibility on the party you buy from, so buy from a reliable concern that intends to stay in business and that is our aim. We specialize in this and take tests of all our soil.

| | | | |
|---|---|---|---|
| 1 yard | **$1.75** | 3 yards | **$4.00** |
| 2 yards | **3.00** | For larger amounts call us. | |

Delivered anywhere in St. Paul.

## Peat

Used as a mulch about plants or as a top-dressing for lawns it helps to conserve moisture.

| | | | |
|---|---|---|---|
| Per sack (90 to 100 lbs.) | **$0.75** | Two yards | **$5.00** |

## Meehan Bros. Landscape Service

To local residents where personal consultation is possible, plans and estimates are furnished free. Just 'phone us and one of our landscape architects will call and consult with you. This incurs no obligation on your part.

*Out-of-Town Customers*—Upon request (simply address Meehan Bros. Landscape Co., 1136 E. Maryland Street, St. Paul, Minn.), and we will mail a chart showing what measurements are required and how to show these measurements on paper. When we receive the measurements a planting plan will be prepared and mailed.

In order to prevent merely curious from obstructing this service a deposit of $5.00 is requested as an expression of sincere interest, and should be enclosed when the chart is sent for. This deposit will be credited toward the purchase of nursery stock needed to carry out the plan, so the plan really costs you nothing.

## Attention

When you go on your vacation in the summer call us and we will take care of your grounds at a very reasonable price. Or if you would like to have someone take care of your place for the whole summer we can give you a monthly rate.

Our experienced gardeners are available for any gardening service you may desire. Ask for any information you may wish regarding this service.

# SHRUBS

*French Lilacs*

WE GRADE our stock Light, Standard, and Select. The Light is a small not fully developed shrub. Standard is a medium size shrub that is fully developed. We recommend this size for planting. Select is an extra heavy specimen shrub that is used for immediate effect.

| | Light | Standard | Select |
|---|---|---|---|
| **ALMOND, FLOWERING**—The double rose-like pink flowers cover the branches in May. Somewhat superior to Flowering Plum, except for hardiness | .... | $1.00 | $1.20 |
| **BARBERRY, RED LEAF**—A new plant similar in every respect to the Japanese Barberry except that it has red leaves all summer. Its deep red leaves add a note of color and contrast to any planting | $0.40 | .60 | .75 |
| **BARBERRY, THUNBERGI**—It is a splendid dwarf shrub, foliage turns scarlet in the fall. Also see "Hedges" | .30 | .35 | .50 |
| **BUCKTHORN**—A very hardy shrub with dark green foliage. Flower inconspicuous. Stands trimming. Also see "Hedges" | .30 | .40 | .50 |
| **BUDDLEIA (Butterfly Bush)**—A perennial in this climate. Of rapid growth with very green foliage and attractive lilac flowers. Blooms from June to October | .... | .60 | .75 |
| **CARAGANA**—On account of its extreme hardiness this shrub is well adapted to dry, exposed conditions. See "Hedges" | .30 | .40 | .50 |
| **CISTENA (Purple Leaves and Cherry)**—A fine medium-sized shrub for color effect, having purple foliage throughout the growing season | .... | 1.00 | 1.50 |
| **CORALBERRY (Red Snowberry)**—Dwarf foundation shrub of good form, with thick, fine foliage. The small red fruits are thickly clustered along the rope-like branches, weighing them heavily into an attractive drooping appearance | .... | .50 | .60 |
| **DOGWOOD, RED TWIG**—A superior variety of the Dogwoods. Its symmetrical growth and very bright red branches make it very attractive. White flowers | .... | .60 | .75 |
| **DOGWOOD, VARIEGATED LEAVED**—Its green leaves with white stripes make this plant very attractive. Its white flowers and red bark are also interesting | .... | 1.00 | 1.50 |
| **DOGWOOD, GOLDEN BARK**—Attractive in winter with its golden yellow bark, especially in masses with red-barked varieties. Flowers white | .... | .75 | 1.00 |
| **COTONEASTER**—An attractive, dense-growing shrub with ornamental, shiny dark green leaves. Fall coloration lovely. Very good in the border or for a hedge. This attractive shrub can be depended upon to grow and thrive where many other shrubs fail. See "Hedges" | .... | .75 | 1.00 |
| **CRANBERRY, HIGHBUSH**—Flowers white in flat clusters. Very decorative in fruit, which colors early, and holds its bright scarlet color until very late in the fall | .... | .75 | 1.00 |
| **CURRANT, ALPINE**—A desirable, rather low growing shrub of dense growth. Having foliage close to the ground it is a desirable plant for shrubbery borders. Stands shade. See "Hedges" | .60 | .75 | 1.00 |
| **ELDER, CUT LEAVED**—The beautiful fern-like foliage and strong growth in either sunny or partially shaded locations make this plant very desirable. White flowers | .... | .60 | 1.00 |
| **ELDER, GOLDEN**—White flowers. The golden colored leaves contrast beautifully with the green of other shrubs. Leaves color best when planted in full sun | .... | .60 | 1.00 |
| **ELDER, RED-BERRIED**—Fragrant white blossoms in great profusion followed by bunches of red berries attractive to the birds; of vigorous growth; stands partial shade | .... | .60 | 1.00 |
| **FORSYTHIA**—A profusion of golden, bell-shaped blooms in early spring, even before the leaves appear. Spring comes earlier when a few of these bright spots liven up the landscape and withdraws attention from the later shrubs which are still bare and wintery looking. Hardy, easy to grow and widely useful | .... | .60 | 1.00 |
| **HONEYSUCKLE, MORROWI**—Creamy white flowers produced in May followed by bright red berries. A thrifty grower with arching branches well suited for general yard use | .35 | .50 | .75 |
| **HONEYSUCKLE, TARTARIAN**—Very hardy, large growing, covered with attractive small flowers, in either red, pink or white colors. The whole bush is covered with beautiful red berries in the fall. A very good shrub | .35 | .50 | .65 |
| **HYDRANGEA, PEEGEE**—Medium-sized with immense conical shaped white flowers, which later change to pink. These are produced in August and September when few other shrubs are in bloom. Flowers may be cut before freezing for winter bouquets | .45 | .60 | .75 |
| **HYDRANGEA, SNOWHILL**—A valuable shrub with large snow-white blossoms. Commences to bloom in June and continues until early fall. Will grow in partial shade | .45 | .60 | .75 |
| **LILAC, FRENCH-NAMED VARIETIES** | .... | 1.00 | 1.50 |
| **Alphonse Lavallee**—Double. Large flowers, clear lilac color. A general favorite. | | | |
| **Charles Jolly**—Double. Dark violet purple. | | | |
| **Ludwig Spaeth**—Single. Deep purplish red in dense large panicles. Begins to bloom when only two feet high. Very choice. | | | |
| **Madame Lemoine**—Double. Profuse blooming, white flowers. The best double white. | | | |
| **President Grevy**—The violet colored blossoms are immense in size and very double. The bush is the most vigorous of any of the French sorts. | | | |
| **LILAC, JAPANESE**—Blooms in loose spreading clusters of creamy white flowers in late June. A vigorous grower. A small tree in form | .... | 1.25 | 2.00 |
| **LILAC, PERSIAN**—A graceful lilac. The branches are slender, leaves small size. The flowers are pale purple, fragrant and borne in large panicles | .... | .75 | 1.00 |
| **LILAC, COMMON PURPLE**—The old-fashioned lilac. Fragrant purple flowers in May. Hardy, tall growing. See "Hedges" | .35 | .50 | .60 |
| **LILAC, VILLOSA**—Bushy shrub about eight feet high with stout branches. It has dark shining foliage which is very attractive. Flowers are silvery rose and produced after other lilacs are through blooming | .... | .60 | 1.00 |
| **LILAC, COMMON WHITE**—Similar in growth to the common purple lilac except that flowers are white | .35 | .50 | .60 |
| **MOCK ORANGE, CORONARIUS**—This tall, vigorous shrub is invaluable as a screen or background. In May and June it has white waxy blooms of delicious fragrance. One of the most useful of all tall shrubs | .... | .75 | 1.00 |
| **MOCK ORANGE, DOUBLE FLOWERING**—A magnificent new variety. Medium height with good foliage and compact habit. Flowers large, double and semi-double | .... | .75 | 1.00 |
| **MOCK ORANGE, GOLDEN SYRINGA**—Graceful shrub with contrasting golden yellow leaves and beautiful, large white flowers produced lavishly in June. Splendid in bloom or leaf either as isolated specimens or to liven up otherwise all-green shrubs or evergreen plantings. The blossoms are very fragrant | .... | .75 | 1.00 |
| **MOCK ORANGE, LEMOINE**—A fine shrub of medium height with very attractive foliage. Produces a wealth of large white sparkling blooms, very fragrant and sometimes semi-double. A splendid subject back of the dwarf shrubs used in the foreground of the border of foundation planting | .35 | .60 | .75 |
| **PLUM, HANSON'S PURPLE LEAF CISTENA**—An improved form of the Purple Leaf Plum that has always been widely used for its beautiful contrasting foliage. These small, shapely trees make beautiful lawn specimens or can be easily worked into any large shrub planting, the reddish purple foliage furnishing an attractive point of interest | .... | 1.00 | 1.50 |
| **DOUBLE FLOWERING PLUM (Rose Tree of China)**—In spring this little tree is a solid mass of double pink blossoms before the leaves come. An effective note in the spring planting | .... | 1.00 | 1.20 |
| **RUSSIAN OLIVE**—A fine, tall shrub for background use or as a high screen. The distinctive gray-green foliage makes a fine contrast with shrubs or trees of the usual green color. Useful for the ends or corners, of a tall mixed shrubby hedge or border | .... | .75 | 1.00 |
| **SNOWBALL**—Large white ball-shaped blooms early enough for Decoration Day. A tall shrub, justly popular for background use and the value of its gorgeous display of bloom in the May garden | .... | .75 | 1.00 |
| **SNOWBERRY, WHITE**—Fine shrub of compact form and semi-dwarf habits. Does well anywhere, but particularly in the shade. Covered with rose-pink flowers in June and July followed by numerous clusters of large, pearly white berries which remain on a long time | .35 | .50 | .60 |
| **SPIREA, ANTHONY WATERER**—The finest of all dwarf shrubs. A great wealth of bright red flowers in July, continuing with a more moderate covering of flowers until frost. Very popular for the front row of foundation plantings | .... | .50 | .75 |

# WHAT OUR COMPANY DOES

WE SELL: Nursery stock and perennials, fertilizer, grass seed, black dirt, flagstone and sod.

WE DO: Landscaping and planting, seeding, sodding, grading, lay flagstone walks, make water pools, walls and steps, transplanting, put in bent lawns, trim and take down trees, trim hedges and shrubs. If in need of any of this kind of work we will be glad to give you a figure.

# ROSES

*Hybrid Tea Roses*

### CLIMBING ROSES

**CRIMSON RAMBLER**—The flowers are produced in great trusses, often 30 or 40 in a cluster, appearing like large bouquets. The roses are small, semi-double, and of a bright crimson color.
Standard, each, **60c.** Select, each, **85c.**

**DOROTHY PERKINS**—The rather large, double, clear, shell-pink flowers are borne in pendulous sprays. The fragrant flowers do not fade in color.
Standard, each, **60c.** Select, each, **85c.**

**EXCELSA**—The deep scarlet crimson blooms are produced in profusion in large clusters. A vigorous grower. Has largely replaced the Crimson Rambler.
Standard, each, **60c.** Select, each, **85c.**

**PAUL'S SCARLET CLIMBER**—The well-shaped scarlet flowers are of moderate size and borne in small trusses. They are Lorne early and last a long time. The plant is of moderate size with good foliage.
Standard, each, **75c.** Select, each, **$1.00**

### HYBRID PERPETUAL
**Standard, 60c. Select, $1.00.**

**FRAU KARL DRUSCHKI**—Very large, pure white buds and blooms of perfect form, excellent texture and keeping qualities. Considered the best white rose for general planting.

**PAUL NEYRON**—This old-time rose long enjoyed the reputation of being the largest of all. Deep rose, very fragrant.

**GENERAL JACK (General Jacqueminot)**—One of the most famous of the older roses. Its bright crimson buds and flowers are attractive and fragrant.

### EVERBLOOMING HYBRID TEA ROSES
**Standard, 60c. Select, $1.00.**

**RED RADIANCE**—The globular, heavy stemmed "Radiance" duplicated in all respects, except color; this sport form being a brilliant crimson. Fine fully fragrant.

**BABY RAMBLER**—Attains a height of about two feet. The flowers are formed in profuse clusters until frost.

### HARDY RUGOSA ROSES
**Standard, 60c. Select, $1.00.**

Are very ornamental in shrubbery groups, hedges, or as individual bushes in the lawn. Need no winter protection.

**F. J. GROOTENDORST (Hybrid Polyantha-Rugosa)**—The bright red double flowers are freely and continuously produced in large clusters from early June until late fall. It is one of the most suitable plants for everblooming hedges, also desirable for shrubbery and specimen plantings. Needs no winter protection.

**HANSA RUGOSA**—A showy hybrid with abundant large, reddish-violet flowers. A highly ornamental shrub.
**Standard, 60c. Select, $1.00.**

# PERENNIALS

### COLORFUL HARDY PERENNIALS
**30c each, 10 for $2.50 except as noted.**

The plants we offer are strong, field-grown perennials which in most varieties will bloom freely the first season and should not be confused with seedling plants so often offered for sale.

**AGUILEGIA CANADENSIS (American Columbine)**—The native bright red and yellow variety. Blooms from June to August, 2 ft. high.

**AGUILEGIA CANADENSIS (Colorado Columbine)**—Lovely blue flowers with long spurs. June and July, 2 ft. high.

**ASTER (Hoosy New England Aster)**—A bright rose-colored form, large and more double than the other Asters.

**AUBRIETIA (Rock Cress, False Water Cress)**—Fine for rockeries. A delicate, beautiful, dwarf creeping plant, forming brilliant sheets of blue, crimson, rose or violet for many weeks.

**BLEEDING HEART**—Have heart-shaped flowers and grows about 2 feet high and is a very good plant for the garden. **75c** each.

**CAMPANULA MEDIUM (Canterbury Bells)**—Large, bell-shaped flowers in blue, pink or white. A biennial 3 feet high. Blooms late June and July.

**DAISY SHASTA**—A very free flowering plant with large, showy, daisy-like white flowers with gold centers, 3 to 4 inches across. Blooms profusely throughout the summer and autumn. Petals in two or more rows. Some have long, narrow petals. Height 2 to 3 feet.

**DELPHINIUM BELLADONNA**—One of the most continuous bloomers of all Larkspurs, with delicate clear turquoise-blue flowers. 4 to 5 feet high.

**DELPHINIUM GOLD MEDAL HYBRIDS**—This is an extra fine strain of strong, vigorous habit with large spikes of flowers from 2 to 3 feet long; in fine shades of light blue to deep indigo blue and royal purple with pastel tones of mauve, pink and lavendar blendings. Some forms are double, some single.

**GAILLARDIA GRANDIFLORA or Blanket Flower**—A very showy flower in the garden and splendid for cutting. The center is dark red while the petals are crimson and yellow. A profusion of bloom from June to frost. 18 to 24 in. tall.

**DICTAMNUS FRAXINELLA RUBRA (Gas Plant)**—The quaintly formed flowers are rose-pink in color. Leaves are ash-like. June and July.

**HIBISCUS, MEEHAN'S MALLOW MARVELS**—A magnificent strain of hardy Mallows, which for size and profusion of bloom and richness of coloring are among the most striking and beautiful perennials that grow. Flowers 8 to 10 inches in diameter ranging in color through various shades of red, pink and white.

**LILIUM TENUIFOLIUM (Coral Lily)**—Bright scarlet flowers with recurved petals on a slender, dainty plant about 18 in. tall.

**LILIUM ELEGANS**—A variety growing 18 inches tall with orange-red flowers in profusion. Blooms June and July, very hardy.

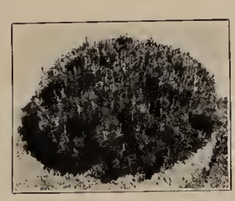
**LILIUM REGALE (Regal Lily)**—The flowers are white, slightly suffused with pink. A beautiful shade of canary yellow at the center and extending part way up the trumpet. Delightfully fragrant. A single stalk will often have 10 to 15 large blossoms. The finest lily for Minnesota gardens. 3 feet. Blooms in July.

**LILIUM SPECIOSUM RUBRUM (Rubrum Lily)**—The base color is blush-pink heavily spotted with crimson. Very fragrant, grows to height of 2 ft. August and September.

# SPECIMEN EVERGREENS—B&B (Ball & Burlap)

*Black Hills Spruce*

*Pyramidal Red Cedar*



*Mugho Pine*

**ARBOR VITAE, PYRAMIDAL**—Beautiful, slender, pointed trees with thick, lacy, bright-green foliage. Fine accent points in the foundation planting or for formal use.

| | | | |
|---|---|---|---|
| 18-24 in. | $2.00 | 3-4 ft. | $ 5.00 |
| 24-30 in. | 2.50 | 4-5 ft. | 7.50 |
| 30-36 in. | 3.50 | 5-6 ft. | 10.00 |
| | | 6-7 ft. | 15.00 |

**FIR, CONCOLOR**—A superb specimen tree. Never loses its lower branches. The long, thickly set needles give it a full soft appearance. Grows more compact and shapely each season.

| | | | |
|---|---|---|---|
| 30-36 in. | $8.00 | 4-5 ft. | $15.00 |
| 3-4 ft. | 12.00 | | |

**FIR, DOUGLAS**—A grand, deep-green, tall, rather narrow pyramid, growing more beautiful each year. Very hardy and drought resistant.

| | | | |
|---|---|---|---|
| 24-30 in. | $3.50 | 4-5 ft. | $ 8.50 |
| 30-36 in. | 4.00 | 5-6 ft. | 10.00 |
| 3-4 ft. | 6.00 | 6-7 ft. | 15.00 |

**JUNIPER, ANDORRA**—A fine dwarf spreading Juniper. Especially attractive in the late fall and winter when the needles turn a bright brown.

| | | | |
|---|---|---|---|
| 18-24 in. | $4.00 | 24-30 in. | $5.00 |

**JUNIPER, BLUE**—One of the most striking of all evergreens. In its natural shape it is extremely graceful and feathery, an ideal subject for the informal planting. Or it can be trimmed to an attractive pyramid for more formal treatmeuts. In either handling, its distinctive color provides variety that is most desirable.

| | | | |
|---|---|---|---|
| 3-4 ft. | $8.00 | 5-6 ft. | $15.00 |
| 4-5 ft. | 10.00 | | |

**JUNIPER, CANNARTI**—A selected type of Virginiana Juniper, naturally developing a fine pyramidal form. Very compact, rich green, tufted foliage. Extremely hardy; splendid in groups, in foundation plantings or for isolated specimens on lawns.

| | | | |
|---|---|---|---|
| 24-30 in. | $6.00 | 5-6 ft. | $12.00 |

**JUNIPER, CHINENSIS**—A very satisfactory pyramidal tree. A feature which makes this tree so much desired is its extremely robust nature and the ease with which it can be transplanted.

| | | | |
|---|---|---|---|
| 24-30 in. | $3.50 | 4-5 ft. | $ 7.50 |
| 30-36 in. | 4.00 | 5-6 ft. | 10.00 |
| 3-4 ft. | 5.00 | 6-7 ft. | 15.00 |

**JUNIPER, SARGENTI**—A very rugged growing trailer. This is a rare variety of distinct character.

| | |
|---|---|
| 12-18 in. | $4.00 |

**JUNIPER, EXCELSA STRICTA**—A very compact dwarf, pyramidal tree. Height about 4 feet.

| | | | |
|---|---|---|---|
| 12-18 in. | $3.00 | 24-30 in. | $7.00 |
| 18-24 in. | 4.00 | | |

**JUNIPER, PFITZERIANA**—The most graceful and useful of all low growing evergreens. Feathery, gray-green foliage. May be used for foreground work or staked up to form a low, broad pyramid.

| | | | |
|---|---|---|---|
| 12-18 in. | $2.00 | 24-30 in. | $4.50 |
| 18-24 in. | 3.50 | 30-36 in. | 5.75 |

**JUNIPER, SAVIN**—Dark green, feathery foliage and dense, spreading branches make the Savin Juniper an ideal plant for the foreground. Hardy everywhere and does well under the most trying conditions.

| | | | |
|---|---|---|---|
| 12-18 in. | $1.50 | 24-30 in. | $3.50 |
| 18-24 in. | 2.50 | 30-36 in. | 4.25 |

**JUNIPER, SCOPTLORUM**—Similar to Red Cedar except that it is a beautiful silver color. It is a fine substitute for the Pyramidal Arbor Vitae, where that tree does not thrive. This tree can stand drought and the blue color stays with the tree all the year around.

| | | | |
|---|---|---|---|
| 18-24 in. | $3.50 | 3-4 ft. | $ 7.00 |
| 24-30 in. | 4.50 | 4-5 ft. | 9.00 |
| 30-36 in. | 6.00 | 5-6 ft. | 12.00 |
| | | 6-7 ft. | 15.00 |

**JUNIPER, VIRGINIANA (Red Cedar)**—Broad, tapering pyramid with thick, feathery foliage. Extremely hardy and adaptable to almost any conditions. Very graceful in natural shape but can be readily sheared to any size or shape. A most satisfactory evergreen and one of the most widely grown.

| | | | |
|---|---|---|---|
| 18-24 in. | $2.50 | 3-4 ft. | $ 5.00 |
| 24-30 in. | 3.00 | 4-5 ft. | 7.00 |
| 30-36 in. | 4.00 | 5-6 ft. | 10.00 |
| | | 6-7 ft. | 12.00 |

**PINE, AUSTRIAN**—Dark green tree of extremely handsome form, ideal for backgrounds, windbreaks or as a specimen tree on the lawn. Long needles, great spreading branches; a rapid grower. A most useful tree, splendid and inspiring.

| | | | |
|---|---|---|---|
| 24-30 in. | $3.00 | 3-4 ft. | $ 5.50 |
| 30-36 in. | 4.00 | 4-5 ft. | 7.50 |
| | | 5-6 ft. | 12.50 |

**PINE, MUGHO**—These low, ball-shaped, dark green little evergreens are ideal for foreground work in foundation or mass plantings. In the spring the new growth looks like multitudes of tiny candles. Very hardy and useful.

| | | | |
|---|---|---|---|
| 12-18 in. | $1.50 | 24-30 in. | $4.25 |
| 18-24 in. | 2.25 | | |

**PINE, SCOTCH**—Scotch Pines are stocky and bushy when young, gradually taking on, as they grow older, a picturesque irregularity of outline that is very attractive. Hardy, extremely rapid of growth, and tolerant of soil, they are ideal for windbreaks.

| | | | |
|---|---|---|---|
| 24-30 in. | $2.00 | 3-4 ft. | $ 4.00 |
| 30-36 in. | 2.50 | 4-5 ft. | 7.50 |
| | | 5-6 ft. | 10.00 |

**SPRUCE, BLACK HILL**—Perfectly symmetrical with heavy, thick foliage, somewhat bluish. Extremely hardy and easy to establish. Ideal for the single isolated specimen on the lawn. One of the best for windbreaks.

| | | | |
|---|---|---|---|
| 18-24 in. | $1.00 | 3-4 ft. | $ 4.00 |
| 24-30 in. | 2.50 | 4-5 ft. | 6.50 |
| 30-36 in. | 3.00 | 5-6 ft. | 10.00 |
| | | 6-7 ft. | 12.00 |

**SPRUCE, COLORADO (Blue Shiner)**—This is the truest blue that you can buy and is a perfect specimen tree and is truely the King of Evergreens.

| | | | |
|---|---|---|---|
| 18-24 in. | $4.00 | 3-4 ft. | $ 8.00 |
| 24-30 in. | 5.00 | 4-5 ft. | 11.50 |
| 30-36 in. | 6.00 | 5-6 ft. | 20.00 |
| | | 6-7 ft. | 27.50 |

**SPRUCE, COLORADO (Blue-Green)**—This tree is not as blue as the Blue Shiner but is next in color and form, and is also a good tree.

| | | | |
|---|---|---|---|
| 24-30 in. | $2.50 | 4-5 ft. | $ 8.00 |
| 30-36 in. | 3.50 | 5-6 ft. | 15.00 |
| 3-4 ft. | 4.50 | 6-7 ft. | 20.00 |

# VINES

*Clematis Paniculata*

| | Each | Standard | Select |
|---|---|---|---|
| **BITTERSWEET**—Hardy, rapid growing native vine with bright, glossy foliage. Much prized orange berries so useful in winter decorations | | $0.50 | $0.75 |
| **CLEMATIS JACKMANI**—The hardiest and most popular of the large-flowered Clematis. Good climber, immense flowers of rich purple all through the summer | | 1.00 | 1.50 |
| **CLEMATIS, PANICULATA**—A very popular, hardy, rapid-growing vine with myriads of small white, fragrant flowers in late summer and fall | | .75 | 1.00 |
| **HONEYSUCKLE, SCARLET TRUMPET**—Beautiful clusters of large trumpet-shaped flowers in July and August have made this vine very popular. Hardy, vigorous climber | | .50 | .75 |
| **IVY, BOSTON**—A very lovely vine, refined in habit. Clings firmly to such surfaces as presented by brick, coarse plaster, etc. The foliage is fresh deep green in summer changing to the brightest shades of crimson and yellow in the fall | | .60 | .75 |
| **IVY, ENGLEMANN**—The most popular of clinging vines, doing well on any exposure and climbing rapidly over wood, brick or stone without support. A solid wall of dark green leaves turning purplish-red in autumn | | .40 | .60 |
| **MATRIMONY VINE**—Bushy, rapid-growing vine, especially desirable for covering unsightly banks. Purplish flowers followed by crimson berries | | .40 | .60 |

# SHRUBS . . . Continued

| | Light | Standard | Select |
|---|---|---|---|
| **SPIREA, BILLIARDI**—Very distinct in appearance with its long, pointed spikes of rose-pink flowers from July to September. Of medium height and useful in border or foundation planting for late summer bloom | $0.35 | $0.60 | $0.75 |
| **SPIREA, FROEBELI**—A fine dwarf shrub. Large, flat heads of bright rose-red flowers in May and June. Fine foliage, particularly striking in spring and fall when it is an attractively reddish purple color | .... | .50 | .75 |
| **SPIREA, VAN HOUTTEI (Bridal Wreath)**—An old but deservedly popular shrub. One of the hardiest and easiest to grow of all shrubs. It is ideal for a specimen plant, in foundation planting, as a screen or hedge, either trimmed or natural. Beautiful at any time with its healthy, tiny leaves, but magnificent beyond description with its long, drooping sprays of tiny, pure white flowers in May and June. See "Hedges" | .25 | .35 | .50 |
| **SPIREA, SNOW GARLAND (Spiraea Arguta)**—Graceful and beautiful, blooming in early May. Of medium height with distinctive, dark green feathery foliage | .... | $0.60 | $0.75 |
| **SUMAC, CUT LEAF**—A very graceful looking shrub when in leaf. Leaves are long and deeply cut. Grows to height of six feet | .... | .75 | 1.00 |
| **TAMARIX, HISPIDA**—A tall graceful shrub with dense feathery foliage and long loose sprays of tiny pink flowers, mist-like in appearance. Does well anywhere, sun or shade, wet or dry | .... | .60 | .75 |
| **WEIGELA, EVA RATHKE**—A dwarfer, ever-blooming, red-flowered form of the old favorite Weigela rosea. Easy to grow, good form and foliage. One of the very best and most useful of all red-flowered shrubs | .... | .75 | 1.00 |

# PEONIES

*The Gorgeous Peony*

CARE should be taken in planting the peony to set the roots with the eyes about two inches below the surface of the soil. Planting too deep will prevent blooming though the plant may otherwise seem healthy. Peonies do best in fairly heavy soil. If, therefore, your ground be very light and sandy it is advisable to incorporate considerable clay with it. Peony roots resent coming into direct contact with most manures but a little bonemeal and hardwood ashes worked into the topsoil will aid materially.

Peony plants we offer are strong 3 to 5-eye roots of blooming size for $1.00 a root, for the following:

**FESTIVA MAXIMA**—Early white with inner petals slightly tipped carmine. Free blooming and fragrant.

**KARL ROSEFIELD**—Flower crimson, large compact semi-rose type. Mid-season. Very strong, tall and free-blooming. Slightly fragrant.

**L'ESPERANCE or EDULIS SUPERBA**—Bright pink with slight violet shadings at base of petals. Large crown type. Early. Fragrant. Strong and upright in habit. A very free bloomer.

### PHLOX, NAMED VARIETIES . . . 50 CENTS EACH

**B'COMTE**—Large heads of rich satiny purple flowers. Exceedingly brilliant.

**MRS. JENKINS**—A very fine early white.

**MRS. CHARLES MAYO**—White with crimson eye. A strong growing variety with profuse bloom.

**R. P. STRUTHERS**—A blending of rosy carmine with claret red eye.

**RYNSTROM**—A good strong grower with lively rose-pink flowers.

**PLATYCODON GRANDIFLORUM. Balloon Flower**—Large bell-shaped flowers of a deep shade of blue. Blooms July until late September. 2 to 3 feet high.

**ICELAND POPPY**—Charming cup-shaped flowers on stems 1 foot high. Orange-yellow or white in color. A plant of neat habit with fern-like foliage. Blooms June through September.

**VIOLA JERSEY GEM**—Pure, rich blueish-purple, slightly perfumed flowers. The flowers resemble the common Pansy in form, though not quite so large. Of very free flowering habit, they bloom from April until October and constitute a most colorful addition to the garden. We also have them in the yellow.

**PYRETHRUM ULIGINOSUM. Giant Daisy**—Clusters of large, daisy-like white flowers with yellow centers. Blooms in late summer and fall. 4 feet in height.

**DIANTHUS PLURARIUS. Sweet William**—The old-fashioned garden favorite. Flowers in colors of red, white and pink. 1½ to 2 feet. Blooms late May to July.

# TREES

*American Elm*

**ASH, WHITE (Fraxinus Americana)**—A tall-growing native tree. Comparatively free from insect pests and a clean tree. It is very desirable for use as a lawn specimen or for the boulevard.

| | | | |
|---|---|---|---|
| 5- 6 ft. | $0.75 | 6-8 ft. | $1.25 |
| 8-10 ft. | 1.50 | | |

**BASSWOOD OR AMERICAN LINDEN (Tilia Americana)**—A stately native tree with large, heart-shaped leaves and fragrant white flowers. Splendid for lawn or boulevard planting.

| | | | |
|---|---|---|---|
| 6- 8 ft. | $2.25 | 2-2½ in. cal. | $5.00 |
| 8-10 ft. | 2.00 | 2½-3 in. cal. | 7.50 |
| 1½-2 in. cal. | 3.50 | | |

**BIRCH, CUT LEAF WEEPING (Betula Alba Pendula)**—Silvery white bark, a graceful drooping habit of growth. Leaves very fine and deeply cut. An excellent ornamental tree.

| | | | |
|---|---|---|---|
| 5- 6 ft. | $3.00 | 6-8 ft. | $3.75 |
| 8-10 ft. | 5.50 | | |

**CRAB, HOPA (Rose Pink)**—The red new foliage and the beautiful single red blossoms which completely cover the tree in the early spring make this tree the most attractive of spring flowering ornamental trees. The fruit is small, red inside and out, remaining on the tree until autumn. The tree is hardy and blooms while very young.

| | | | |
|---|---|---|---|
| 5-6 ft. | $1.50 | 6-8 ft. | $2.00 |

**ELM, AMERICAN (Ulmus Americana)**—This majestic tree is noted for its graceful beauty. It is perfectly hardy and of comparatively rapid growth. It is one of the most largely used trees for street planting and as a shade tree for lawns and parks. A very fine tree in every respect.

| | | | |
|---|---|---|---|
| 6- 8 ft. | $1.00 | 2-2½ in. cal. | $5.00 |
| 8-10 ft. | 1.50 | 2½-3 in. cal. | 7.50 |
| 1½-2 in. cal. | 2.00 | | |

**ELM, CHINESE (Ulmus Pumila)**—A fast-growing, graceful tree, small leaved with a bushy head. This recent introduction is very hardy, thriving under dry conditions. It will thrive in sandy or poor soil where most other trees fail. For a windbreak on the prairie or where a dense screen is desired this tree has no equal. Will be a favorite when better known. A very desirable tree for the lawn.

| | | | |
|---|---|---|---|
| 5- 6 ft. | $1.00 | 1½-2 in. cal. | $3.00 |
| 6- 8 ft. | 1.50 | 2-2½ in. cal. | 5.00 |
| 8-10 ft. | 2.00 | 2½-3 in. cal. | 7.50 |

**MAPLE, SUGAR OR HARD (Acer Saccharum)**—A large tree of stately beauty. The ascending branches attain a symmetrical oval head. Bark light brown-gray. Leaves smooth, varying from a bright light green to deep green above, coloring beautiful in the fall.

| | | | |
|---|---|---|---|
| 5-6 ft. | $2.00 | 6-8 ft. | $2.50 |

**MAPLE, NORWAY (Acer Platanoides)**—A large, handsome tree with round spreading head. The leaves turn pale yellow in autumn. The broad leaves of dark green color cast a dense shade. Fine ornamental shade tree.

| | | | |
|---|---|---|---|
| 8-10 ft. | $3.00 | 2-2½ in. cal. | $5.00 |
| 1½-2 in. cal. | 4.00 | 2½-3 in. cal. | 6.00 |

**MAPLE SCHWEDLER (Acer Platanoides Schwedleri)**—One of our most ornamental shade trees. The foliage, dark red in the spring, gradually turns to green later in the season. The leaf coloring of this tree makes it one of the most desirable of our shade trees.

| | |
|---|---|
| 6-8 ft. | $4.40 |

**MAPLE, SILVER OR SOFT (Acer Dasycarpum)**—A rapid-growing, hardy, easily transplanted tree. The foliage and branches of the tree are clean-looking and attractive. A very good tree where fast growth is essential.

| | | | |
|---|---|---|---|
| 1 in. cal. | $1.10 | 1½-2 in. cal. | $2.40 |
| 1¼ in. cal. | 1.75 | 2-3½ in. cal. | 4.00 |

**MOUNTAIN ASH, EUROPEAN (Sorbus Querifolia)**—This tree thrives well in our cold climate. In form it is round headed. White flowers in May. The fruit, which clings for a long time, is orange-red in color, and is attractive to birds.

| | | | |
|---|---|---|---|
| 5-6 ft. | $1.75 | 6-8 ft. | $2.50 |

**POPLAR BOLLEANNA (Populus Eugenei)**—Of erect columnar form. The leaves are dark green on the upper surface and white beneath. The bark is silvery gray. Very showy in appearance.

| | | | |
|---|---|---|---|
| 5- 6 ft. | $1.50 | 1½-2 in. cal. | $3.50 |
| 6- 8 ft. | 2.00 | 2-2½ in. cal. | 4.00 |
| 8-10 ft. | 3.00 | | |

**POPLAR LOMBARDY (Populus Fastigiata)**—Unique and conspicuous on account of its erect columnar form. A rapid-growing tree of clean habit. Striking and picturesque when grouped with other trees. Fine for a tall screen.

| | | | |
|---|---|---|---|
| 5- 6 ft. | $0.75 | 1½-2 in. cal. | $2.25 |
| 6- 8 ft. | 1.00 | 2-2½ in. cal. | 3.00 |
| 8-10 ft. | 1.50 | | |

**WILLOW NIOBE (Salix Vitellina)**—A beautiful weeping tree with golden bark. The graceful drooping branches are ornamental both summer or winter.

| | | | |
|---|---|---|---|
| 5-6 ft. | $1.50 | 6-8 ft. | $2.00 |

## WHERE TO PLANT TREES

Trees planted about the house should accomplish the twofold purpose of framing the view of the house, and providing shade at the right place and at the time of day when it is needed. Trees planted nearer the corners of the house, rather than directly in front, will greatly enhance the appearance of the home and provide the much needed shade as well.

Ordinarily trees should be planted sufficiently far apart to allow them to develop naturally. An exception is when they are used for screening out some unsightly view or for windbreak purposes. Small, ornamental trees can display their flower or fruit to advantage either on the lawn or in the border.

# FRUIT TREES

## Apple and Crab

| Variety | Size | Each | 10 | 100 |
|---|---|---|---|---|

# HEDGES

## Beautiful Borders of Living Green

*Spirea, Bridal Wreath*

THE cheapest wall or fence and the best is the living hedge. It does not need to be painted as it gives itself a new coat every year. A hedge will effectively screen out undesirable views or shut out trespassers. Plant a hedge where you need a fence. Listed below you will find hedge plants suited for all purposes and locations.

### Planting the Hedge

When Buckthorn, Cotoneaster, Caragana and Chinese Hedgewood are used, plant 8 to 10 inches apart in single row, or if a very heavy hedge is wanted plant 12 inches apart in a double row, planting rows 6 to 8 inches apart, plants staggered.

The remainder of the plants listed on this page should be planted one foot apart in single row.

Do not fail to trim every plant immediately after planting to at least one-half its original size. Leaving only the lower one-fourth would be still better. The secret of securing a dense hedge is to cause the plants to branch out near the ground by trimming as advised above.

**BARBERRY, JAPANESE or THUNBERGI**—Of low spreading growth, forming a dense hedge. The twiggy branches are set with small, sharp thorns and bright, clean foliage which in the fall turns to gold and scarlet. The brilliant red herries are attractive in the fall and winter. A fine plant for a low hedge, whether trimmed or allowed to grow naturally.

12 to 18 in. Per 10 ..... $2.50 Per 100 ..... $20.00
18 to 24 in. Per 10 ..... 3.50 Per 100 ..... 30.00

**BUCKTHORN (Rhamnus Catharticus)** — A very satisfactory plant to use when a medium high to tall hedge is wanted. It stands trimming so well that it can be kept for a long period at practically any height desired. The foliage is of a rich, healthy green and remains clean-looking throughout the summer.

| | Per 10 | Per 100 |
|---|---|---|
| 18 to 24 in. | $1.75 | $15.00 |
| 2 to 3 ft. | 2.00 | 17.00 |
| 3 to 4 ft. | 3.00 | 25.00 |

*Buckthorn*

**CARAGANA or SIBERIAN PEA TREE (Caragana Arborescens)**—Thrives in any well-drained soil and is hardy in the most exposed locations. Is suitable for use where a medium or tall-growing hedge is desired. Sometimes the foliage does not remain in good condition during the latter part of the summer.

18 to 24 in. Per 100 ..... $12.00
2 to 3 ft. Per 100 ..... 17.50
3 to 4 ft. Per 100 ..... 25.00

**CURRANT, Alpine (Ribes Alpinum)**—Choice plant for use where a hedge of rather low growth is wanted. It is perfectly hardy and has a dense foliage of a pleasing green. Will stand partial shade. We recommend this plant very highly where a low hedge is wanted.

12 to 18 in. Select grade. Per 10 ..... $1.50 Per 100 ..... $40.00

**HONEYSUCKLE, Tartarian (Lonicera Tatarica)**—For use as a large hedge this plant is very desirable. It is perfectly hardy and a strong grower. It has myriads of small attractive flowers followed by red berries.

2 to 3 ft. Per 10 ..... $4.50 Per 100 ..... $40.00

**LILAC, Common Purple or White**—Though this plant yields readily to trimming, it is best suited for use as a hedge where it may be left untrimmed. The lovely flowers, one of its chief attractions, would not be produced if trimming were done. Should be planted only where the plants will have room to grow quite large. Please mention color wanted.

2 to 3 ft. Select grade. Per 10 ..... $3.00 Per 100 ..... $25.00

**SPIREA, BRIDAL WREATH (Spirea Van Houttei)**—The splendid, graceful foliage and lovely white flowers of this plant make it very desirable for use where an unsheared hedge is desired. It is perfectly hardy and thrifty growing. Should be trimmed only if required to remove very old branches and dead wood.

2 to 3 ft. Select grade. Per 10 ..... $2.50 Per 100 ..... $20.00

**CHINESE HEDGEWOOD (Ulmus Pumula)**—Is extremely hardy and drought resistant. Beautiful green foliage appearing early in the spring and remaining late in the fall. Well adapted to trimming to form a dense, compact wall of any size or shape desired. A new hedge but rapidly becoming popular. We are about the only ones that have this hedge and have a limited supply of it, so put in your order early so that you may receive some of this new hedge. We recommend this hedge very highly.

| | Per 10 | Per 100 |
|---|---|---|
| 12 to 18 in. | $1.00 | $ 6.00 |
| 18 to 24 in. | 2.25 | 10.00 |
| 2 to 3 ft. | 2.50 | 15.00 |

*Chinese Hedgewood*

# AT YOUR SERVICE

To our many old customers and to the host of new friends whom we expect to serve during the 1936 season, we extend our sincere appreciation for their business. We are a growing concern, established for the purpose of offering a high grade line of nursery stock at prices which are reasonable and fair. Our desire is to extend our service to you in the most efficient manner possible and it will always be our endeavor to better in every way the materials which we offer you.

# MEEHAN SPECIAL SERVICE

You are invited to take advantage of our personal help in arranging yard or group plantings. Our long experience in this work may assist in bringing you greater beauty and pleasure from shrubs, trees and plants as well as to assure stronger and more rapid growth. Consult us about landscaping plans for school playgrounds, parks, churches and cemeteries.

The season is late. Order your stock immediately to secure the best material. We will also do your planting at a very nominal cost or do your job complete.

## Sales Lot

For the convenience of local buyers the Meehan Brothers have established a sales lot at 1136 E. Maryland St. Due to the fact that our nursery is some distance away from our established office, we feel that there is a definite demand for such a location. This is a new service, planned for the busy nursery stock buyer who wishes to make personal selection of his stock.
